Welcome back to school!

It's the beginning of an exciting new school year.

Our children receive the best education when we all work together as a team. It's a parent's enthusiasm, support and involvement that inspires children to do their best; and a teacher's ability to teach that helps children reach their potential.

There's a lot of excitement ahead of us, including new friends to meet, new books to read, and new skills to master...and we can look forward to sharing these exciting times.

Our commitment to our children's education will become the foundation of a strong parent teacher community to collectively help our children blossom and grow.

PTG School Resources

The PTG board members would like to introduce some school resources to the new Cornerstone families.

Cornerstone PTG newsletter: *This newsletter will be published every two months and will contain important upcoming dates, PTG updates, information about fundraisers, community outreach programs, and other Cornerstone events. Occasionally we will also feature teacher and classroom spotlights in this newsletter.*

PTG website: www.cornerstoneptg.yolasite.com has been created to promote a sense of community, give parents a resource for answers to frequently asked questions, provide a forum to post comments related to the school, and to learn more about volunteer positions.

* Please see journals regarding changes
